

# PUBLIC HEALTH DEPARTMENT[641]

## Adopted and Filed

Pursuant to the authority of Iowa Code chapters 135, 147A and 613 and 2017 Iowa Acts, House File 393, the Iowa Department of Public Health hereby amends Chapter 143, “Automated External Defibrillator Program,” Iowa Administrative Code.

2017 Iowa Acts, House File 393, repeals the automated external defibrillator (AED) program established in Iowa Code section 135.26. It has been ten years since the funding for the program was eliminated, and the goal of providing defibrillators was achieved. This amendment updates Chapter 143 by amending the chapter title, striking the rules that relate to the purchase and placement of automated external defibrillators, renumbering the rules regarding automated external defibrillator maintenance and amending the parenthetical reference to the statute implemented, and striking the rules concerning fire department response with automated external defibrillator.

Notice of Intended Action was published in the Iowa Administrative Bulletin as **ARC 3204C** on July 19, 2017. No public comments were received. This amendment is identical to that published under Notice of Intended Action.

The State Board of Health adopted this amendment on September 13, 2017.

After analysis and review of this rule making, no impact on jobs has been found.

This amendment is intended to implement Iowa Code chapters 135, 147A and 613 and 2017 Iowa Acts, House File 393.

This amendment will become effective November 15, 2017.
